

## **Sunday Afternoons Community Concerts Begin October 25**

Dr. Steven Robinson will direct his Stetson School of Music students in a classical guitar program on Sunday, October 25 in the Woman's Club of Eustis Building at 277 North Grove Street in Eustis. The concert begins at 3:00 PM. During intermission, members of the Woman's Club will serve tea. The cost is \$10 for members of the Institute and \$15 for non-members. Reserved seating is available. Call 352.357.3995 or go online to [www.lakeeustisinstitute](http://www.lakeeustisinstitute) and click on "Events".

### **So You Think You Know How to Think**

How is your short term memory? Do you ever forget a name? When the stakes are high, do you find your mind scattering instead of focusing on the situation? Would you like to think better?

Dr. Charles Bailey will explore the mysteries of the mind-brain in a one-time only seminar on Tuesday evening, October 27 from 6-8 PM. According to Dr. Bailey, we all can think better and communicate more effectively. All it takes are a few exercises.

### **The History of Science Shows How We Got To Where We Are**

On Tuesday, October 20, Dr. Louis Browne will lead a seminar on "A Great Scientific Discovery", one that had a world-wide effect on the health of human beings. Few scientific discoveries can compare in benefits to those of Louis Pasteur. This is a one-time only seminar, so reserve your place now by calling 352.357.3995 or go online to [www.lakeeustisinstitute.org](http://www.lakeeustisinstitute.org) and click on "Seminars and Classes".

### **Second Seminole Indians Seminar Postponed to November 12**

Dr. Peter Klingman's popular seminar on "Florida's Seminole Indians" will meet for the last time on Thursday, November 12 from 6-8 PM at 135 North Grove Street, Eustis. During this seminar, Dr. Klingman will explore how the Seminoles moved from the Seminoles Wars to become the most successful Indian entrepreneurs in the United States.
